*Peter*  
Dear Mr Harvey,

I thank you for your representations on the suggestion that the State Government purchase Fernhill Estate for the use and enjoyment of the greater western Sydney residents.

I have both presented the idea to the Treasurer in January this year and written to the Minister for Planning and Infrastructure with your suggestion.

I have received a response from the Minister for Planning and Infrastructure that the Western Sydney Parklands Area has been identified to provide the recreation, environmental and outdoor experience.

While I agree that the purchase of Fernhill for the permanent allocation for the people is a fantastic idea, regrettably the State Budget is under increasing strain and the immediate focus is on the continued delivery of frontline services and the infrastructure backlog.

I thank you for bringing this opportunity to my attention. If there is anything further that I can assist you on please do not hesitate to contact me.

Yours sincerely

*Tanya*
